To our Valued Customers:

Due to continued escalating price trends in raw material as well as increasing processing costs, effective February 1, 2010, ERICO® will increase list pricing on CADDY® Mechanical products by an average of 5%.

The price increase will be effective for all products found in Section 1 of the CADDY Mechanical price list. This increase will be in effect for the following pricing classes:

Pricing Class	Pricing Class Description
MC	Pipe Hangers
MK	Seismic Bracing
MN	Loop Hangers
MT	Clevis Hangers / Clamps
NE	Beam Clamps
NP	Strut Accessories
OA	Strut
OM	Miscellaneous Mechanical
PE	Threaded Rod

For your convenience a new list price sheet will be placed on our website at www.erico.com as soon as it is complete. The price lists will be available for download in both Excel and PDF formats. Printed copies will follow.

Should you have any questions, please contact your ERICO Manufacturers' Representative or your ERICO Regional Sales Manager.

Thank you for your continued business.

Don Gutierrez
Vice President, Marketing
